## COURSE FELLOWSHIP

Reduced or waived course fees and / or (partially) funded hotel expenses will be supported by an educational grant provided by the course. There are specific regulations and conditions.

**Inquiries:** Please contact the organizers by email, [helmut.popper@medunigraz.at](mailto:helmut.popper@medunigraz.at) or [edith.kleinferchner@medunigraz.at](mailto:edith.kleinferchner@medunigraz.at)

## CONTACT / REGISTRATION & PAYMENT

Course office: Ms Edith Kleinferchner  
Institute of Pathology - Medical University of Graz  
Neue Stiftingtalstraße 6, 8010 Graz

E-mail: [edith.kleinferchner@medunigraz.at](mailto:edith.kleinferchner@medunigraz.at)

**Very limited seating!** Early registration is recommended.

Seating at the program is on a first come, first served basis and will definitely be assigned based on the date of payment of the course fee. The invoice including terms of payment and information about accommodation will be mailed to pre-registrants in the order of their applications. After payment has been received a written confirmation will be send to all registrants.

Medical University of Graz

# POSTGRADUATE COURSE

Graz, Austria

## LUNG & PLEURAL DISEASES

WITH VIRTUAL MICROSCOPY

Part I (Tumour Pathology) June 14 – 16, 2018  
Part II (Non-tumour Pathology) June 18 – 20, 2018

**Course Director**

**Helmut H. Popper, MD, Graz, Austria**

**Course Faculty**

**Francoise Galateau-Sallé, MD, Lyon, France**

**Ulrike Gruber - Moesenbacher, MD, Feldkirch, Austria**

**Luka Brcic, MD, Graz, Austria**

## COURSE OBJECTIVES

---

This two-part course will run for six days and will cover

- common and rare lung and pleural diseases
- biopsy
- cytology
- molecular diagnosis

Each part will consist of lectures, case teaching and discussions.

WITH VIRTUAL  
MICROSCOPY

With confirmation of payment you will receive an email notification providing the link and password required to study approximately 300 cases. You may also opt to view the cases online during the course using your electronic device. WLAN internet access will be provided at no additional charge.

For those who prefer a direct and personal view of the glass slides a few microscopes will be available at the course location.

This course is designed for trainees as well as for experienced colleagues. The course language is English.

Course parts can be booked separately.

## PROGRAM

---

### Part I (Tumour Pathology) June 14 – 16, 2018

This three-day course part will be devoted to common and rare lung and pleural tumours; tumours of childhood will also be covered.

Furthermore challenging cases contributed by the participants will be discussed – *Bring your difficult case*.

Biopsy diagnosis will be done using an interactive internet based system for digital microscopy.

### Part II (Non-tumour Pathology) June 18 – 20, 2018

These three days will cover interstitial lung diseases such as, bronchiolitis-ILD, idiopathic interstitial pneumonias, rare pulmonary and pleura non-tumorous diseases, granulomatous lung diseases, emphysema and COPD. Also pediatric pulmonary pathology will be discussed.

Case presentations of interstitial lung diseases combined with biopsy interpretation will be included.

The impact of molecular pathology and immunohistochemistry in lung pathology will be discussed during the conference for each part.

## ACCREDITATION / COURSE CERTIFICATE

---

**The Austrian Medical Chamber** has granted 56 credit points (DFP) to the course (28 DFP Part I, 28 DFP Part II).

**European CME credits by the EACCME** (European Accreditation Council for Continuing Medical Education) have been requested. The accreditation process is in progress.

### Participants from the USA:

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™

### Participants from Canada:

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada

## COURSE DIRECTOR

---

### Helmut H. Popper

Head of Research Unit for Molecular Lung and Pleura Pathology, Institute of Pathology, Medical University of Graz, Austria

## GUEST FACULTY

---

### Francoise Galateau-Sallé

Department of Biopathology, Cancer Center Leon Berard Lyon & Chairman of the International Mesothelioma Panel and MESOPATH National Reference Center & manager of the French National Multicentric MESOBANK

### Ulrike Gruber-Moesenbacher

Feldkirch, Austria

### Luka Brcic

Institute of Pathology, Medical University, Graz, Austria
